### Says Every Attack Was Repulsed

### RUSSIANS RETREATED LEAVING MANY CORPSES

### Battle in Far East Still Rages Today.

### RUSSIANS CAPTURE 16 JAP GUNS

### Correspondent With Oku Wires Japs are in Possession of Entire Russian Line.

London, Oct. 18.—Baron Hayashi, the Japanese minister, today gave out the following dispatch received in Tokyo, from Field Marshal Oyama.

"Monday night the enemy twice made fierce assaults on the front of the right column of our left army. They also made some smaller assaults in the direction of our central and right armies. We repulsed them all. The enemy retreated leaving many corpses on the field."

London, Oct. 18.—The St. Petersburg correspondent of the Exchange Telegraph company today wires that the general staff has received a telegram stating that the Russian right on the 17th inst advanced and drove out the Japanese from six positions. The Russians captured 16 guns and eight Maxim's. The battle still rages.

London, Oct. 18.—The correspondent of the Reuter telegram company with General Oku's army reports that the Japanese are now in possession of the entire Russian line, except a small hill on the Russian left. The Russian center, he says, has retreated in disorder.

Rome, Oct. 8.—A dispatch from Tokyo to the Italian Militaire states that Field Marshal Oyama has asked for 70,000 reinforcements.

Port Arthur is prepared to abandon the town, docks and fortifications with the exception of Liao Tishan, where there are provisions and munition enough to last 10,000 men six months.

Tokyo, Oct. 18.—A dispatch received today reports that the Russians Sunday surrounded Colonel Yamada's column capturing fourteen guns. Another great battle is expected today.

## SAKHAROFF

### In His Dispatches Today Makes No Mention of Decided Russian Successes Reported.

St. Petersburg, Oct. 18.—Lieutenant General Sakharoff reports under today's date as follows:

"The Japanese yesterday evening attacked our right flank in considerable force but were repulsed. We pushed forward and occupied the position at Shalantsi. A number of corpses were buried at Putloff Hill. The enemy is now concentrating in large numbers against our center. No fighting on our left yesterday."

It is worthy of note that this dispatch of General Sakharoff makes no mention of the decided Russian success reported in the dispatches from Mukden. The last clause of his report acts as a denial to the report that the Russian left had yesterday captured twenty-four guns.

## NINTH

### Russians and Japs Still Struggling for the Mastery—Former Reported Moving Forward.

Mukden, Oct. 18.—The Russian forces have penetrated the Japanese center and captured 11 or 13 guns and 150 prisoners east of the railway. At another point the Siberian regiments took 24 guns. The Russian operations have been quite successful. The Japanese, after a terrifically stubborn resistance, were compelled to retire along their whole line, losing heavily. All the trenches carried by the Russians were filled with the Japanese dead. In one not very large trench there were counted 600 corpses of Japanese. In spite of their losses the Japanese were undaunted. They have brought up siege guns, and have left no stone unturned to retain the mastery of the situation. Every step the Russians have pushed forward has been in the face of a superb resistance, that has cost the Russians dear. The Japanese seem to be willing to fight

until they are annihilated. Throughout the whole of Mukden there can be distinctly heard cannonading in the south, which is raging more fiercely than on previous days of the fight, which is now entering on the second week. The desperation of the battle, especially near Shakhe, has not been equalled since the war began. The ferocity of the fighting has driven out of the minds of the soldiers all thoughts of personal safety, and the troops, living in an atmosphere of sudden death, have lost all thought save to conquer. The losses on both sides have been enormous, but this is forgotten in the crowding of dreadful events on each other. The fighting still continues without intermission. The Chinese population of Mukden displays little alarm. Business in the streets and markets proceed as usual. Even children run about the business portion of the town and all appear to be curiously indifferent to the great battle which is proceeding only a few miles away. The wounded from the fight at Tumin pass state that some positions were under fire by both sides and that it was impossible to remove the wounded. It is alleged that Japanese searching parties, working at night, halted the wounded, and whenever reply was made in Russian, bayoneted the sufferers. Some, it is said, saved themselves by feigning death. The Russians removed about 300 wounded under fire from Japanese guns.

## STILL CRITICAL

### But the Russian Situation at the Front Has Improved—Four Days' Hard Fighting.

St. Petersburg, Oct. 18.—The situation at the front at this date may be described as follows: General Kuropatkin has slightly advanced his center, recapturing Shakhe, south of the Shakhe river. Directly behind him at a distance of nine miles lies the Hun river, and across the bridges spanning this stream the Russians must retire in case they retreat or Mukden. General Kuropatkin must continue to firmly hold his center and right flank in order to prevent the Japanese getting possession of the Hun river bridges. Thus he will cover the withdrawal of his apparently beaten west wing. There is still considerable uncertainty as to the disposition of this left column. Certainly it has not returned to Mukden; whether it is again advancing after its first withdrawal is not known. It is no longer a question of a Russian Sedan; though all hope of relieving Port Arthur must apparently be abandoned. Little hope is expressed that Kuropatkin will be able to continue to advance.

The news is more reassuring from the Russian standpoint. The situation is still regarded as being critical, but General Kuropatkin is apparently holding the Japanese firmly on his center and right wing, even having recrossed the Shakhe river; and while there are rumors of extensive Japanese flanking movements both on the east and on the west, there is no evidence that they are actually occurring.

General Sakharoff telegraphs the Russians recaptured Lonely Tree hill, south of Shakhe, and captured 11 Japanese guns and one quick-firer.

The four days' fight of the eastern column was of the same desperate character that marked the operations of the center and right wing. A heavy Russian column under such leaders as Ivanoff, Rennenkampf, Gagarin and Kondratovitch, repeatedly assaulted strongly entrenched Japanese positions on heights commanding the passes. The assaults were largely fruitless. The cannonade was so furious that it was impossible to advance in the light of day. Finally on Oct. 13, when the passes had been actually occupied, the order came to withdraw, probably owing to a critical position at other parts of the front.

### Scenes Marked the Transfer of the King's Body from the Palace to the Church.

Dresden, Oct. 18.—A weird and solemn impression was made by the transfer of the body of the late King George of Saxony on board an Elbe steamer at Pillnitz last night. Darkness was closing when the casket, preceded by a procession of court officials and the most trusted of the palace servants, bearing torches, was carried between lines of military on the deck of the steamer. The new King and the highest dignitaries of the state witnessed the transfer from the balcony of the palace. The arrival here of the casket was greeted with the booming of cannon and the tolling of all the bells in the city. The casket was received at the landing stage by military and civil dignitaries and deputations from all parts of the country, who formed in procession and escorted it to the Catholic court church.

## NEW COMPANY ORGANIZED BY NEWARK MEN

### To Develop Sand Quarry at Black Run.

Company Was Incorporated at Columbus on Tuesday With \$100,000 Capital.

Columbus, O., Oct. 18.—The National Silica, Brick and Stone company of Newark, was incorporated today by Clarence A. Hill, Samuel J. Prudden, Harry Swisher, William H. Smith and Addison C. Dickinson. Capital, \$100,000.

The foregoing telegram from The Advocate's Columbus Correspondent Tuesday afternoon announces the organization of another important industry in which a number of the most prominent men of the city are interested.

Clarence A. Hill, formerly a Newark minister, and Mr. S. J. Prudden have been in the city for some time organizing this company, which owns forty acres of land and has 118 acres under lease near Black Run, east of Black Hand. As the name of the new company implies, the purpose of the new organization will be to develop the property which is rich in white sand of the finest quality. As the company has a capital of \$100,000 it will have ample capital to develop the land and it is the purpose of the company to put a good sized force of men at work.

### TIME IS COMING FOR NEUTRAL POWERS TO MOVE

The Russian Ambassador is Confident the Czar Will Resent Intervention in Any Form.

Washington, Oct. 18.—The war in the east has enlisted the closest attention of the administration and it is felt that the time is approaching when it will be in order for the great neutral powers to move toward the restoration of peace. President Roosevelt has from the first stood ready to use his good offices to stop hostilities on a basis honorable to both belligerents, but he is stopped from moving by the fact that it has been the unbroken rule to wait until it is assured that both sides to a controversy of this kind are willing. So far there has been no open proposition, nor can it be truthfully stated that even an indirect overture has come to Washington from St. Petersburg or Tokyo, but it is believed that the signs point to an early move in that direction.

Count Cassini, Russian ambassador, repeated with emphasis what he has already had occasion to say several times regarding intervention by the powers to conclude the war. "There is," he said, "absolutely no opportunity for intervention to stop the war. Russia proposes to prosecute the war to the end and all offers of peace at this time must be rejected."

At the request of King Leopold of Belgium, Colonel Henry L. Kowalsky of the San Francisco bar and a personal friend of the monarch, called at the White house by appointment and presented the reply of the federation for the defense of Belgian interests abroad to attacks made on the government of the Congo free state. Colonel Kowalsky presented to the president an autograph picture of King Leopold framed in silver. Colonel Kowalsky said: "Interested Britishers are endeavoring, under the guise of benefactors of the Congo natives, to open the question of sovereignty over these regions by calling a conference of the powers at which it is hoped by the Britishers, England may establish the contention that Belgium is impotent to maintain an effective government in the Congo. I presented to the president a letter from King Leopold in reply to the baseless charges of British 'humanitarians' and also other documents stating the Belgian side of this controversy. I also called to the president's attention the fact that all this uproar in England over the fearful atrocities in the Congo is fathered by missionaries whose applications for big concessions were turned down by the Belgian authorities."

## CROWD JEERED WILLIAM LANE THE BIGAMIST

### Licking County Bride Now at Hoover's Home.

Lane Admits That It Was a Mistake to Leave Clothing on the Lake Bank.

Bellefontaine, O., Oct. 18.—Wm. P. Lane, who deserted his wife and three children and left his clothing beside Silver Lake to indicate his suicide, and then went to Chicago and married a Licking county woman, is still in the jail here.

"I can explain everything I have done," says Lane, except the leaving of those clothes on the bank of the lake. That was bad business, but at the time I went away it seemed the best thing to do." Lane told all about his subsequent acts until he reached Chicago, where he met Miss Eva Eddy of Croton, O. He detailed his marriage to Miss Eddy on September 28 in Chicago, and how he had selected for him the assumed name of "Donald W. Korn," under which he was married.

A crowd of about 1000 people was at the station to meet Lane when he was brought back by Sheriff Kerr. In the crowd were some of the men who had assisted in dragging the lake where the missing man's clothes were found, and they jeered and jeered at him, and if there had been the first movement toward violence Lane would have been taken from the officers and roughly handled; so little is the feeling toward him.

Miss Eva Eddy, the Licking county girl whom Lane met in Asheville during his stay there, was a school teacher in a mission school in the mountain district of North Carolina. She is left almost friendless in Chicago at the home of Rev. Guy Hoover, the pastor who joined her in marriage with Lane. Rev. Mr. Hoover formerly lived in Licking county, and knew Miss Eddy when she was a school girl. Mr. Hoover formerly attended college at Granville.

### MARRIED BY REV. GUY HOOVER.

Granville, O., Oct. 18.—The Lane case at Bellefontaine is attracting attention here from the fact that Lane and Miss Eddy were married at Chicago by Rev. Guy Hoover, formerly of Granville. In 1897 Mr. Hoover went to Hiram college, where he graduated. He then went to Chicago where he is now pastor of the First Christian church of that city. Miss Flora Hoover, principal of the Granville High school, who is a sister of Rev. Guy Hoover, says that she received a letter from her brother recently in which he states that he married Lane to Miss Eddy under the name of Donald W. Korn.

## DELAWARE BOY IS ARRESTED ON FORGERY CHARGE

### Remarkable Story Told by Rich Farmer's Son.

Between Sobs Fifteen Year Old Walter Decker Related His Story to the Police.

Delaware, O., Oct. 18.—Walter Decker, the 15 year old son of Andrew Decker, a rich farmer, was arrested last night on the charge of forgery. Between sobs he told in a remarkable story of being duped by another boy.

He was accosted, he says, by a lad named Frank Munn, a neighbor, with more than a half dozen forged checks, bearing the name of Johnson Bros. proprietors of a flouring mill in Millville. All the checks called for less than \$10 each. Decker, disposed of three he says, without any trouble and received half the proceeds.

Decker caught the Delaware Savings Bank company on one of the checks indorsing the name of Z. K. Evans. When questioned about the genuineness of the check he stated that a member of the Johnson Bros. firm had given it to him for labor rendered. He slipped across the street to the Hotel Denovin and caught the proprietor, Joseph Luegenbell, for \$10 on another check Decker had just started to school yesterday. He declares that he did not know that the checks were forgeries, and that he went around to cash them partly as a favor for Frank Munn. He says he thought that Munn was afraid to ask merchants to cash the checks.

## BISHOPS

### FORBID THE REMARRIAGE OF DIVORCED PERSONS.

Conference to be Held With Laymen. Action is Taken at the Boston Meeting.

Boston, Oct. 18.—The Episcopal house of bishops has formally adopted an amendment to the canon on marriage and divorce, forbidding the remarriage of any divorced person. The amendment was substantially the same as that which was rejected by the house of deputies on Friday last. The action of the bishops was not unexpected as the sentiment of the body was well known. In fact a similar amendment was passed at the San Francisco convention three years ago, but failed, as was the case this year, to secure the support of the other house. A conference of committees representing the bishops and the deputies will be held to consider the disagreement, but leading clergymen do not anticipate that the deputies will recede from their vote of last week. The amendment to the "divorce" canon adopted by the bishops reads: "No minister shall solemnize a marriage between any two persons unless by inquiry he shall have satisfied himself that neither person has been or is the husband or the wife of any other person then living, from whom he or she has been divorced for any cause arising after marriage."

In the house of deputies a proposed canon providing a court of review, to which appeals may be taken from the decision of diocesan courts was reported and its essential features adopted. Among these was one grouping the dioceses and missionary districts into seven provinces, each province to have a court of its own. A proposal to establish a court of appeals, a sort of supreme court to be composed of bishops of the church, was referred to the next convention.

### Duck Hunters Drowned.

Morris, Minn., Oct. 18.—Glen Tewksbury and Fred and Paul Buckner were drowned while returning from a duck hunting expedition along the shore of Pommenee Terre lake, eight miles northeast of Morris. Guy Stewart escaped by staying with the boat until it drifted ashore.

### Change of Venue.

Joliet, Ill., Oct. 18.—Mayor Crollis and four of his police officers, under indictment for conspiracy, spring a sensation in the circuit court by filing affidavits that Judge Ditch and Hilscher were persuaded and asking for a change of venue. The change was granted. The third judge of the district, C. B. Gamewell, is critically ill and the defendants apparently will not be tried for months.

## MOANS

### And Wrings Her Hands—Strange Story Related by a Foster Girl, Who Left to be Married.

Pastoria, O., Oct. 18.—Early last Friday morning Miss Virginia Botto, of this city, and Bernard Defava, of Niagara Falls, N. Y. boarded a train for Buffalo to be married there. Saturday

night Louis Botto, a wealthy commission merchant, the brother of the bride, received a telegram from the proprietor of a Buffalo hotel that his sister was very ill there. Another telegram signed by Defava reported that she had been sent to a hospital. He left at once for Buffalo and returned with her today.

On the way to Buffalo Miss Botto confided to the conductor that her brother had arranged to give her to Defava and that she did not want to marry the man. She said that he was armed with a stiletto.

In Buffalo, by a ruse, the conductor managed to spirit her away and hid her in a hotel. Mr. Botto says he found his sister in a Buffalo hospital. She is so changed as to be hardly recognizable to those to whom she has been best known, and unable to recognize any one. She wrings her hands constantly and moans. She shrinks from seeing any one, and thinks that all who address her wish to kill her. Her brother says that she had the best of treatment while in Buffalo, and hopes that a few days of quiet will restore her mind.

Defava appears to be well known in Buffalo, and all whom Mr. Botto met speak in the highest terms of his character. It is denied that any attempt was made to force her to marry Defava. Her condition is explained by saying that she merely changed her mind about marrying.

## HELEN KELLER

### Wonderful Deaf, Dumb and Blind Girl is Now Attending the World's Fair at St. Louis.

St. Louis, Oct. 18.—"Viewing," with her sensitive hands the wonders of the World's Fair, and speaking in words she could not hear, Helen A. Keller, the blind and deaf Radcliffe graduate, made the rounds of several of the exposition buildings Monday, her delicate face flushed with pleasure. Constantly at her side and describing with rapid, deft touches of her fingers in the blind girl's palm, was her devoted teacher and friend, Miss Anne Sullivan. Miss Keller spent a busy afternoon absorbing the glories of the exhibits and then turned back to the thought for years uppermost in her mind—how to aid the sightless.

Miss Keller reached here Monday to see on hand today, which has been set apart by the fair management as "Helen Keller Day." She will speak in the hall of Congresses. She will "see" (hear) until Thursday night, when she will go back to Boston. She is accompanied on the trip by Miss Sullivan and by Mrs. John A. Macey of Boston.

## SENATOR HILL

### Addressed Democratic Mass Meeting at Indianapolis Last Night—Hall Was Crowded.

Indianapolis, Oct. 18.—Ex-Senator David B. Hill of New York, delivered an address before a Democratic mass meeting in Tomlinson hall. The hall was crowded to its capacity. Mr. Hill, among other things, discussed the question of a reasonable revision of the present tariff rates. He contended that the "stand pat" policy of the Republicans at the present time was in every way injurious to the best interests of the country.

## MOTION

### To Quash the Indictment Against Col. Edward Butler is Filed at St. Louis.

St. Louis, Oct. 18.—A motion to quash the indictment against Colonel Ed Butler in which he is charged with having bribed Charles F. Kelley, former speaker of the house of delegates, to leave the country and remain away until men against whom he could testify would be protected by the statute of limitations, was filed in the circuit court before Judge Foster. The motion alleged that the offense for which the indictment was returned is a misdemeanor and that the court is therefore without jurisdiction and that the indictment fails to state facts sufficient to constitute the offense charged.

## MURDER

### Of James W. Johnson at Toledo, Ohio. The Body Found in a Cornfield Today.

Toledo, O., Oct. 18.—Lying at a dead end, with a bullet hole between his eyes, the body of James W. Johnson was found in his cornfield in East Toledo this morning. Johnson had been troubled with corn thieves and started out last night to watch for them. Two miles of corn and two empty sacks show that he surprised no men at work.

The theory of the police is that Johnson knew the men and that they killed him rather than permit him to cause their arrest. The body was found this morning.

## BODY

### Of Robert Gore Found in Licking River

### CORONER LEGGE BELIEVES HE WAS MURDERED

### Wound Seen on Right Side of Young Man's Head.

### MISSING FOR SEVERAL DAYS

Family and Friends Had Been Making Diligent Search for the Young B. & O. Employee.

Robert Gore, the 20 year old son of B. & O. Engineer George Gore of Cedar street, who has been missing since last Friday, was found dead at noon Tuesday in the Licking river near Swan's blacksmith shop east of Newark.

A wound on the right side of his head near the temple gives rise to the belief that the young man was murdered, but so far there is no clue to the identity of the murderer.

August Fireagle while fishing along the river Tuesday noon, noticed a strange object lying in the stream below him, and upon closer investigation he was horrified to find that it was the body of a young man. Mr. Fireagle went to a telephone in a farm house nearby and notified the authorities here.

Coroner C. F. Legg was hurried to the scene in Mr. James Mills' automobile and the body was identified as that of young Gore. The remains were brought to Newark in the auto, and taken to the undertaking rooms of Criss Bros., where burial arrangements were made, after which the body was taken to the home of Mr. Gore, No. 76 Cedar street.

Coroner Legge said that a twentyfive cent piece was found in one of the young man's pockets but that the bankbook which he was supposed to have had when last seen in the city, was not found. There was nothing further of value on his person.

The condition of the body indicated that he had been dead for perhaps two days.

The locality where the body was found is a rendezvous for tramps and the supposition is that young Gore met his death at the hands of some one who robbed him or who killed him for the purpose of robbing him.

This disappearance of young Mr. Gore, who was employed as a helper in the B. & O. boiler shops, had caused the family and friends much anxiety, but nobody had entertained the belief that he had been murdered. The general supposition was that he had left town for a trip and would eventually return.

The young man's father, George Gore, was called home Saturday night and since then has been endeavoring to learn the whereabouts of his missing son.

## QUARREL

### Between Women as to the Respective Merits of Their Husbands—One Burned to Death.

New York, Oct. 18.—Mrs. Nellie McCarthy was burned to death at 247 East Sixty-second street and Mrs. Annie Martin, 22, is under arrest charged with the homicide. The tragedy is said to have resulted from a quarrel between the two women over the respective merits of their husbands. Annie Martin admitted that she had flung the lamp in the other woman's face, when the conversation turned upon the qualities of their husbands. The lamp struck the unfortunate woman squarely, breaking into fragments and deluging her clothes with burning oil.

### Judge Clarke's Charge.

Nashville, Tenn., Oct. 18.—Federal Judge C. D. Clarke delivered a vigorous charge to the grand jury here in which he called especial attention to the alleged tobacco trust, which has been brought into special prominence in this section by the efforts of Congressman Gaines to secure federal intervention against its operation. Judge Clarke said that complaint had been made that this trust had fixed the price at which growers must sell tobacco or remain farmers without a market.

To check an influx of tramps at Yarmouth, England, a member of the Board of Guardians gravely suggested that the board circulate a rumor that the town almshouse was haunted.

## NEWS OF STATE AND NEIGHBORHOOD

## WHEEL BURST

INSTANTLY KILLING A YOUNG MAN AT LANCASTER.

Wilson Isbell's Skull Crushed in the Dickey-Sutton Carbon Factory Monday.

Lancaster, O., Oct. 18.—Wilson Isbell, 17, a well known young man of this place was instantly killed at the Dickey-Sutton carbon plant yesterday afternoon.

He was grinding a piece of steel over an emery wheel when the wheel burst into several fragments, one of which 4 1/2 inches, crashed through his head, splitting his skull and scattering brain matter over the machinery. A physician was called but the young man was long past medical aid.

## An Eye Removed.

Coshocton, Oct. 18.—Roberts, who drives an express and is a well known character about town, had an eye removed by Dr. Hutton. An ulcer had formed from a recent injury.

## Bound to End Life.

Columbus, O., Oct. 18.—Henry Weinman, received at the penitentiary late last week from Tiffin to serve a life sentence for murder, attempted to commit suicide by cutting his wrists and ankles with a piece of tin. When sentenced Weinman begged that he be sent to the electric chair.

## Woman Did the Work.

Cleveland, O., Oct. 18.—Mrs. Adeline McBride, in testifying in her divorce case against Bert O. McBride, said her husband made her plow and cut wood while he slept.

## Ohio Tax Cases.

Washington, Oct. 18.—The supreme court of the United States advanced the date for the argument of the Scottish Union and National Insurance company cases, growing out of the tax laws of the state of Ohio. The two insurance companies are British corporations. Under the laws of that state they as non-residents placed municipal bonds amounting to \$100,000 in the hands of the state authorities. The state sought under its statutes to collect taxes upon the bonds and the insurance companies resisted.

The cases arose in Franklin county, O., and 14 other similar cases from that county are pending. The hearing of the case was set for Jan. 3.

## Coal Drivers' Strike.

Cincinnati, Oct. 18.—The organized coal dealers received a committee from the Teamsters' union, headed by Vice President Chris O'Neill of the international organization, and another unsuccessful attempt was made to end the coal wagon teamsters' strike. The coal dealers agreed to accept a written proposition from the teamsters. If the statements of the leaders on either side are to be accepted the coal dealers will reject the proposition, but will probably submit a counter proposition agreeing to reinstate the union drivers and pay the wage scale demanded, without recognizing the union. This proposition, it is said, will not be accepted by the teamsters.

## Miss Johnson On the Stage.

Cleveland, Oct. 18.—The initial presentation of "Brother Jacques," the new play in which Charles Frohman presents Annie Russell, took place at the Euclid Avenue Opera house. The opening brought out a large and very fashionable audience. The play is from the French and has a love story of novel plot and heart interest. A feature of the performance was the first appearance here of Elizabeth Johnson, daughter of Mayor Tom L. Johnson, who was received with great applause.

## Cincinnati Fire.

Cincinnati, Oct. 18.—The W. H. Brown & Sons' coal elevator, at Front and Lawrence streets, was destroyed by fire here, entailing a loss of \$75,000, fully insured. The fire started in the stable and is said to have been of incendiary origin. Of the 50 horses in the stable at the time, 15 were destroyed. The teamsters of the company have been on a strike for the past week.

## Under the Wheels.

Bellefontaine, O., Oct. 18.—Matthew Cole, a farmer residing near Harper, O., attempted to board a Big Four freight train to come to this city. He fell underneath the wheels and both his feet were crushed so terribly that they were amputated at a hospital here.

## Fell From a Tree.

Youngstown, O., Oct. 18.—Edward McGee, 31, while out with a party picking chestnuts near New Bedford, fell from a tree and was killed, his neck being broken. His companions placed the remains in a wagon and conveyed them to his home in New Castle.

## Special Grand Jury at Work.

Columbus, O., Oct. 18.—The special grand jury selected to inquire into the charges of jury and witness bribing is now at work. The jury is made up of representative citizens of the city. A large number of witnesses will be examined.

## Shot Wound Produced Lockjaw.

Youngstown, O., Oct. 18.—Henry Taylor, a letter carrier, while handling a revolver accidentally shot himself in the right foot and died from lockjaw at his residence.

## NEGLIGENCE

IN REPORTS MADE BY CLERK AT ZANESVILLE

Is Charged by H. B. Wardell, Deputy Examiner in the State Department of Accounts.

Columbus, O., Oct. 18.—H. B. Wardell, deputy examiner in the state department of accounts, has filed in the office of the auditor of state a report of his examination into the accounts of James P. Daugherty, city clerk for Zanesville, O.

Deputy Wardell states that he finds negligence in the reports made by the clerk; also numerous alterations and erasures. In one case he finds that an entry of \$147.78 has been reduced by alterations to \$10.

The examiner gives it as his opinion that costs in city cases amounting to \$193.95 and in state cases amounting to \$461.78 have not been properly accounted for or turned in to the city and county treasury.

## Accident Proved Fatal.

Cambridge, O., Oct. 18.—"Dock" Slay, a coal miner, who was injured while at work in the Old Orchard mine, Saturday by being caught in a fall of coal, died at his home in Ankertown, east of the city. Mr. Slay was about 45 years of age and a wife and large family survive him.

## To Burn Natural Gas.

Junction City, O., Oct. 18.—The Ohio Fuel Supply company of Columbus, has distributed gas pipe from their main line, three miles northwest of here, into and throughout the entire corporation limits preparatory to supplying natural gas to consumers of this village.

## Coshocton's New Church.

Coshocton, Oct. 18.—Workmen began excavating for the foundation of the new Christian Union church building Monday. The building will be of modern structure, veneered with pressed brick and have a seating capacity of 600. The old chapel was sold to the African M. E. congregation.

## Drew Gun on Sheriff.

Coshocton, O., Oct. 18.—John Deak Potter Elson, who has already acquired a criminal record, pulled a revolver on Sheriff Browning, and escaped by running. The sheriff approached Elson with a subpoena to appear before the grand jury. Elson either feared he was wanted for more than merely as a witness or he did not understand the nature of the writ which the sheriff was about to serve upon him. He flashed the gun, and keeping the sheriff covered ran through Elson's saloon and out the back door and has not been heard of since.

## Young Human Ostrich.

Coshocton, O., Oct. 18.—David Dawson, the young son of Mr. and Mrs. E. A. Dawson who caused much consternation in Mrs. Carnahan's Sunday school class several Sunday's ago by swallowing a penny, has added the eating of glass to his gastronomic accomplishments. The deed was done on Saturday afternoon and he doesn't seem to be at all the worse for it.

## Grandma Weisner Dead.

Coshocton, O., Oct. 18.—Mrs. Anna Fahrion Weisner, familiarly known as "Grandma Weisner" passed away at the home of her daughter, Mrs. Lester Gorseline, Sunday afternoon.

## Took a "Friendly" Glass.

Delaware, O., Oct. 18.—W. Disbennett, a tile manufacturer of Radnor was in town and was drugged while taking a friendly glass with a stranger. He realized his condition and rushed to several companions, telling them what had happened. Sinking into unconsciousness he remained thus for 36 hours. He was seen to draw \$300 from the county treasury by the man who gave him the drug. He is not yet out of danger.

## THIN PEOPLE

want to get fat and fat people want to get thin—human nature. If you are fat don't take Scott's Emulsion. It will make you gain flesh. If you are thin Scott's Emulsion is just what you need.

It is one of the greatest flesh producers known. Not temporary gains but healthy, solid flesh that will fill out the body where it is needed.

There's nothing better than Scott's Emulsion for weakness and wasting.

Scott's Emulsion is a food-medicine; not a stimulant; not a mere "extract" or so-called "wine" of cod liver oil. It contains the whole oil perfectly emulsified, which is the only way of preserving its valuable properties.

We'll send you a sample free upon request.

**Mrs. Bell's Narrow Escape.**  
Mrs. Wm. Bell, Jr., of North Fourth street, had a narrow escape from a serious accident on Monday. She had gone out to a cistern in the yard, when the paving caved in, causing her to partly fall into the cistern. Mr. Bell was unable to extricate herself and was rescued from her perilous position by Mrs. Puckett, a neighbor. The cistern was nearly full of water.

**Salvation Army.**  
Adjutant Brindley, of Newark, who opens the Salvation Army barracks in this city, was here Friday, accompanied by his wife. They took rooms on Chestnut street, and will move their household goods here from Newark on next Wednesday. The first meeting of the Army will be held in the city hall next Saturday night, as the Adjutant has been unable to secure a hall for permanent quarters.—Coshocton Democrat and Standard.

**Sneak Thieves.**  
Mayor Crilly requests all our citizens to be on the look out for sneak thieves. There are quite a number of strangers in the city attending the races, and it is known that several notorious sneak thieves are also in town. Tuesday afternoon a telephone message informed the Mayor that a thief had ransacked the residence of Attorney G. C. Daugherty. The police were immediately notified and an effort is being made to apprehend the thief.

## NEWARK MAN GAVE SIGNAL FOR THE RIAD

**Officers Made a Rush and Landed Eleven.**

Asa Green, Reputed Gambler, and Ten Others Arrested in Columbus Monday Night.

Columbus, O., Oct. 18.—"The town cops could not get me, and so they worked me up from Newark on me," said Asa Green, reputed gambler, last evening, when he and ten others were arrested at the Hunkie hotel for gambling.

The arrest was made by Detectives Bergin, Hamer, O'Neil, Rourke and Laeven of this city, and E. D. Wise, of Newark. Some time ago the same place was raided by the officers, who made their entrance through a window which they reached by a ladder borrowed from the fire department.

That method was theoretically and practically barred this time, for all the windows to the room had bars across them. Detective Wise being a stranger, was admitted to the room, and at 9 o'clock he gave the agreed-upon signal. The officers made a rush and there was a scattering from the tables.

Four or five made a dash for an unguarded window which led on to an adjoining roof, but Hamer followed after them and compelled them to return, when the party, 11 in all, were taken to the prison. The tables, cards, chips, etc., were all taken to city prison and held for evidence.

Green was charged with running a gambling place and released on \$100 bond; the others with gambling and released on \$10 each.

As a sanitary measure you should use White House Soap Chirs. Price 5 cents. 17-6t

**Saves Two From Death.**  
"Our little daughter had an almost fatal attack of whooping cough and bronchitis," writes Mrs. W. K. Haviland, of Armonk, N. Y., "but, when all other remedies failed, we saved her life with Dr. King's New Discovery. Our niece, who had Consumption in an advanced stage, also used this wonderful medicine and today she is perfectly well." Desperate throat and lung diseases yield to Dr. King's New Discovery as to no other medicine on earth. Infallible for Coughs and Colds. 50c and \$1.00 bottle guaranteed by Hall's Drug Store. Trial bottles free.

**Fire On Receiving Ship.**  
New York, Oct. 18.—Fire was detected on the United States receiving ship Hancock at the New York navy yard. A fireman had occasion to open a watertight compartment leading to a coal bunker, when he found that the place was filled with smoke. In spite of the utmost exertions it was several hours before the seat of the flames could be reached. The Hancock is the most important receiving ship in the navy, usually having a thousand sailors and newly enlisted men aboard awaiting assignment. The cause of the flame is shrouded in mystery. No serious damage was done.

**Dogs Lost the Trail.**  
Rensselaer, Ind., Oct. 18.—Bloodhounds were taken to the wrecked home of Thomas J. McCoy, cashier of the defunct McCoy bank, in the endeavor to apprehend the dynamiter who destroyed the beautiful residence. The dogs took a scent which they followed in a wide detour through meadows and pastures, returning to another part of the city, where they lost the trail, which had been obliterated by a number of other tracks.

**Embezzlement Charged.**  
West Liberty, Ia., Oct. 18.—M. Benthien, president of the New Liberty Savings bank, was arrested here on the charge of embezzling \$14,000 of the bank's funds. His son, Arnold Benthien, who is charged with creating the rest of a shortage of \$95,000, has forfeited \$5,000 bail and is still at large.

**Charge Against Missionaries.**  
Washington, Oct. 18.—Ernest Lyon, American minister to Liberia, has made a report to the state department on Liberia, the feature of which is a severe criticism of the missionaries resident in the little republic. Mr. Lyon is himself an ordained clergyman. These criticisms touches the moral character of the missionaries who are also accused of being unduly thrifty at the expense of the natives whom they are sent to help.

**Burgoyne's Surrender Recalled.**  
Schuylerville, N. Y., Oct. 18.—The one hundred and twenty-seventh anniversary of Sir John Burgoyne's surrender to General Horatio Gates was observed by the dedication of the Saratoga county civil war veterans' monument in the shadow of the lofty Saratoga battle monument. General O. O. Howard delivered principal address.

**Supervising Inspector Removed.**  
Washington, Oct. 18.—President Roosevelt removed from office Robert S. Rodie, supervising inspector of the steamboat inspection service. Second district, located at New York. This action was taken on account of the disclosures in the report of the national commission appointed to investigate the General Slocum disaster.

**REGISTRATION DAYS**

Every voter in the city of Newark is required to register this year in order to enable him to cast his ballot this fall. Everybody who is by reason of age, legal residence and other qualification of citizenship, eligible to vote for President, Tuesday, November 8, 1904, **MUST REGISTER** anew this year, regardless of any and all previous registrations.

The days for registration are as follows:

**THURSDAY, OCT. 20.**  
**FRIDAY, OCT. 28.**  
**SATURDAY, OCT. 29.**

**Newark Democrats.**

Every Democrat in the city of Newark, is expected to be present at the mayor's office this evening at 7:30 o'clock, sharp, for the purpose of organizing a Democratic club. By order of the

**EXECUTIVE COMMITTEE.**

**Our Candidate for Sheriff.**

In William Linke, the Democracy of Licking county, has an exceptionally good and strong candidate for the important office of sheriff. A native of Licking county, where he has lived all his life, William Linke it as well known as any man in Licking county; and, he is as well liked as he is well known. A life-long Democrat, without shadow or variability of turning, Mr. Linke has always been a hard party worker and has performed faithful and valuable service for the party, ever since he has been a voter. There has been no effort too hard, no sacrifice too great, for Mr. Linke to make, whenever he was called upon to work for the Democratic party, or the advancement of its principles. Nor did he wait to be called upon, either, for all his life long, whenever work was to be done for the good of Democratic principles. Mr. Linke was always a ready and willing volunteer, to do whatever it lay in his power to do.

Moreover, Mr. William Linke is exceptionally well qualified for the office of sheriff, in which he has had such long and thorough experience as Deputy, under Sheriff Anderson—who, by the way, was one of the best sheriffs that Licking county ever had in this respect, as well as in others, Mr. Linke enjoys a great advantage over his opponent on the Republican ticket. The office of sheriff is an exceedingly difficult and important one to fill; and no stranger to its duties, no matter how intelligent he might be, could step into that office and perform its duties with anything like the success and acceptance that Mr. Linke could, as the result of his valuable experience. There are many nice and difficult questions of law that the sheriff must settle for himself, when there is neither time nor opportunity to get advice, in serving processes, making levies, attachments, etc.—when a mistake would be fatal involving the loss of thousands of dollars perhaps.

Mr. Linke is experienced, competent and qualified. He can fill the office of sheriff, to the entire satisfaction of litigants and the general public. In addition to all, Mr. Linke is deservedly popular, counting his friends by the thousands, and his majority will only be gauged by his ability and popularity.

While the Republican managers in New York City, under the lead of Chairman Odell, have been making great ado about preventing fraudulent registration, they have totally failed to shut the eyes of their opponents to what they have been doing in the same line. The son of the Republican postmaster of New York, who is a candidate for office, has been arrested for alleged complicity in colonizing a large body of voters from other states. The incident will prove a very unpleasant one for President Roosevelt because of the defendant's close relationship to one of the chief Federal officials. It is earnestly to be desired that there shall be an honest vote in New York, as everywhere else, but it is evident that those who would make it otherwise are by no means confined to one party.

There is increasing confidence among the Democrats of West Virginia that they will carry their state for both the state and National tickets. After touring it with Henry C. Davis, so experienced a political observer as David B. Hill expresses his belief that the Democratic fight in it has been won. Nevertheless there is no disposition to cease from the vigorous efforts which have lately been put forth by the party leaders. They have mapped out a program for the balance of the campaign which it is confidently believed will make sure what has been won already and increase the size of the Democratic victory. Mr. Davis has developed into a remarkable campaigner, and the vigor he has exhibited has disappointed the expectations of both his friends and his enemies. He understands the people of West Virginia thoroughly, and he is sure to receive an emphatic testimony of their high appreciation of him, on election day.

Nobody can vote on old registration this year. The next registration day will be Thursday, Oct. 20. 3t

Visitors are always welcome at Bliss Business College. 8tf

Saturday, October 22 is the King's Daughters Tag Day. 3t

**DECLARATION OF INDEPENDENCE JULY 4th 1776**

When in the course of human events it becomes necessary for one people to dissolve the political bands which have connected them with another, and to assume among the powers of the earth, the separate and equal station to which the laws of nature and of nature's God entitle them, a decent respect to the opinions of mankind requires that they should declare the causes which impel them to the separation.

We the Representatives of the United States of America, in General Congress assembled, do hereby declare that the United States of America, are, and of right ought to be, free and independent States; that they are absolved from all allegiance to the British Crown, and that all political connection between them and Great Britain, is and ought to be totally dissolved; and that as the United States of America, are, and of right ought to be, free and independent States, they have full power to do all those acts and things which independent States may of right do.

In witness whereof, we have hereunto set our hands and seals, this fourth day of July, 1776.

# THE FARMERS OF LICKING COUNTY

## Know Origin of the Panic of 1893-96 and What Caused it--More Facts.

It is a matter of common knowledge among the farmers of Licking county that the fall in land values and in the price of farm products was the incentive for the organization of the Farmers' Alliance in this country in the winter of 1889 and '90. The farmers of Licking county before the winter of 1894-'95 were fairly well organized with a chapter in nearly every township in this county and holding monthly meetings for the whole county in the city of Newark, in which discussions were held as to how to best remedy the then existing depressed conditions. Many a farmer that was prosperous in 1889 had either gone, or was rapidly going, to the wall in 1890. Farmers whose word or note was as good as their bond in 1880 were bankrupts in 1890. Farms that in the early eighties would have sold at anywhere from \$75 to \$100 per acre had by 1890 dropped to from \$5.00 to \$60. Sheriff sales were frequent and the foreclosure of mortgages was a matter of every day occurrence. Wheat had dropped from \$1.00 per bushel to 67 and 70 cents. Wool had dropped from 30 and 35 cents per pound to anywhere from 17 to 22 and 23 cents. Many of the necessities of life, under the influence of an exorbitant tariff, had increased in price and this added to the money stringency, caused an uprising among the farmers, the like of which had never before been seen in this country.

Wage workers in shop and factory had by 1890 begun to feel and to understand what tightening conditions meant and on all hands were confronted with reductions of wages. Manufacturers crippled by high tariff taxes on their raw material were distracted. They, too, were victims of the money stringency, and were willing to strike out in almost any direction that promised some relief from the prevailing distress. Strikes followed reductions of wages and long periods of idleness, both on the part of giant industries and laborers formerly employed, were common. Agitation for relief increased and one of the first measures to that end was the passage early in the year 1890 of the Sherman silver act.

Let this be understood once and for all: THE SHERMAN SILVER ACT INCREASING THE PURCHASE OF SILVER BILLION, WITH A VIEW TO ADDING TO THE COUNTRY'S CIRCULATING MEDIUM, WAS A MEASURE INTRODUCED AND ENACTED FOR THE EXPRESS PURPOSE OF RELIEVING THE MONEY STRINGENCY AND AVERTING A PANIC.

William McKinley, afterward president of the United States, voted for that bill. So did every other Republican congressman from the state of Ohio. It was passed by a Republican congress with the promise both expressed and implied that it was a step in the direction of the free and unlimited coinage of silver.

There was no Democratic agitation of tariff involved in the distress of those days. No, no! The Republican senate "stood as a bulwark" between our famishing infant industries and the terrible Democrats. Not only that. As a measure of added relief the McKinley bill raising tariff rates higher than they had ever been before in the history of the country, was passed. But it didn't help any. It made things worse. It increased the cost of living and added not one penny to the wages of labor or the income of the farmer. Democratic agitation of tariff revision didn't cause the money stringency and Democratic speeches assailing inequalities in taxation didn't cause the closing of a solitary factory. They didn't produce the strike at Homestead, nor mold the bullets that mowed down men who struck against a reduction of wages.

It is a common thing to hear Republican politicians say that in 1892 we were in the very hey-day of our prosperity and every one of them knows, every man of common intelligence and common information knows that the panic of 1893 had been developing for years and that the first crash in the financial world came when the Baring Brothers of London, heavy investors in Argentine and Australian properties and securities, failed in the late eighties.

"We saved the country by the adoption of the gold standard!" declare Republican orators.

Some people had an idea that it was the tariff that saved the country, but too many panics have happened under the operation of high tariffs—'87, '77 and 1893-'97, for instance. Oh, yes! You early apostles of the gold standard—you were ardent free coinage men in 1890. President McKinley himself, then a member of the house, was voting for larger coinage of silver every time the proposition came to a vote in that body. He talked and talked and preached free silver from every stump in Ohio, until he was nominated for president. This is a fact, and no reflection either on William McKinley. Every Republican public man, almost west of the Allegheny mountains was for free silver up to the time of the St. Louis convention of 1896. Many of them, it is true, voted for the repeal of the purchasing clause of the Sherman silver act, but only upon the solemn protestation that they were forever and eternally against the gold standard. It is a matter of history also that the gold standard act was not passed until after the country had recovered from the panic, and it is likewise true that long before the passage of the Dingley tariff act receipts under the so-called "Wilson free trade bill" had increased to a point exceeding the receipts in any year under the McKinley act. The wisdom of the Wilson act had been completely demonstrated long before the restoration of the present high tariff rates and thus conclusively shown that Democratic tariff reform ideas had had absolutely nothing to do with the panic.

## A DELIGHTFUL TRIP

Over the Interurban Road from Newark to Zanesville  
--Scenery at This Season of the Year is Gorgeous  
--An Advocate Man Tells What He Sees from a Trolley Car.

Dashing through the country in the front vestibule of an interurban car, is an experience which no one, with a drop of healthy red blood in his veins, can help but enjoy to a degree of actual delight. It is exhilarating, maybe novel, and at all events gives one a sensation that is akin to that of riding in the cab of a special locomotive. When such a trip is made through twenty-five miles of as beautiful scenery as can be found anywhere in the United States, the enjoyment is enhanced many fold, and one who makes it will remember with pleasure his experiences.

Such a trip was taken Monday afternoon by a reporter for The Advocate, from Newark to Zanesville, over the C. N. & Z. electric road, and although he had been for years familiar with the country through which the road passes, he never saw it to such advantage nor could he ever appreciate the magnificent splendor of the scenery until this time.

At 2 o'clock he boarded car No. 64, which was to make run No. 15 to Zanesville. The car was in charge of Conductor Charles Lugenbeal, while Motorman D. O. Layman was at the controller. This crew is one of the best on the system. Layman is fearless, yet careful, while Conductor Lugenbeal is courteous and accommodating, which added to the enjoyment of the ride.

One of the most striking things noticed was the fact that the handle of the controller is so constructed that it is necessary for the motorman at all times to keep his hand right there. Should he release his hold the power would be shut off automatically and the car would come to a stop. This provision is one which can be appreciated after knowing of an incident related by Mr. Harrigan. On a road where he was employed some years years ago, on Halloween night some murderous jokers, threw a rope over the trolley wire on the end of which was tied a stone. A car came dashing along the swinging stone crashed through the front vestibule window and struck the motorman on the head knocking him senseless. The moment he fell his hand, of course, released its hold on the controller, which shut off the power and the car came to a stop not a hundred yards from a sharp curve. The conductor came forward, knowing that something was wrong and found the condition of affairs. Had the automatic appliance not been on the car, after the motorman fell the car would have dashed on, to fly off the curve to its destruction. But this is a digression and merely related incidentally.

Soon after leaving the city limits the hills can be seen at a distance, around which we must go, or through which the car must make its way. It develops in time that both methods are adopted in the construction of the road. Just at this time of the year when the leaves of the trees are turning sear, the wooded hills in the distance present a most beautiful color effect, which as we draw closer assumes almost a kaleidoscopic impression on the eye.

After passing through the beautiful and fertile farming lands of Madison township, a stop was made at Clay Lick. About a mile further along we came among the hills which had been seen before.

The road here follows the course of the Licking, which is on the right as the car spreads eastward while on the left are high stone cuts which give one the idea of mountain scenery, the over hanging rocks at some places barely clearing the top of the car. Some of these cuts are fine specimens of careful engineering not a pound of rock having been blasted which was unnecessary.

We soon came to a long, sweeping curve, terminating in a substantial iron bridge. After crossing this we were carried into the beautiful Black Hand region, prolific of legends of the time when the aborigines was master of the entire country round.

This country has an interest for everyone. The casual observer's eye is pleased, the poet's soul is stirred, the historian's brain is animated, the geologist's enthusiasm is aroused, while the artist's inspiration becomes embodied. For each of these the Black Hand region has its special significance.

The hills on the left rise to great heights and through the solid rock the dynamite gangs have blasted their way, leaving a rocky wall. The river flows to the right and following its tortuous course, the 64 sped around several more curves, and with a final, compound curve pass Cliff Dale park, and enter the real valley of the Licking. The stream flows at the right and at the very foot of the embankment on which the road is built. On either side is solid rock many feet high surmounted by woods. At some places along the slope the rock is covered with a thin layer of soil from which spring small trees and dense shrubbery, while at others the rock is naked. The geologist may tell how long the Licking river was in making this vast channel through the rock by the slow process of erosion. We cannot. But we can say that along this

part of the road the scenery is one of actual grandeur, which is best added to by the variegated color of the foliage most beautiful in its autumnal splendor.

Further along we reached a huge hill which appears to bar the way to further progress. We can see no corner leading around the base and as nearer approach is made the wonder is how we are going forward.

The motorman keeps up speed and suddenly the controller is thrown back with a click and the speed of the car checked with a slight application of the air. A short curve is rounded and before we realize the fact, the car is going through a tunnel, its feet long, directly through the solid rock of the big hill. This is the only tunnel on any interurban road in the United States, and is a triumph of this feature of constructive engineering.

After leaving the east approach we find ourselves again among the fertile fields of Hanover township, and we pass Black Hand station.

While the scenery from here through Pleasant Valley and Dillon's Falls does not possess the aspect of grandeur, it is that of the wildest woodland, which at some places is primeval in the robustness of its growth. At these points if one should to twenty feet on either side of the road, of way, he could not conceive that the feet of mortal man had ever trod there. Again varied colors of the foliage, shading at times from scar brown to almost brilliant red, adds to the beauty of the scene.

After passing through these sections of country it is with almost a sigh of regret that we learn that Zanesville is the next stop, and although the quietude here is almost as noticeable as further back the evidence of former industry are everywhere apparent. We felt that again we were within the confines of place where man had been the chief factor in its development.

The road itself between Zanesville and Newark is kept in a high state of efficiency, gangs of section men keeping the road bed in the best possible shape, while a work car is almost constantly looking after the overhead work.

The beauty and grandeur of the scenery between the two cities is appreciated by many in both places, but there are many more who have no realization of it. These persons should some time take a trip on the interurban, drop off at one of the numerous stops in the regions described, take a walk about the region and return, benefited in body and mind.

The Advocate offers 135 premiums, amounting to \$500 for the best estimates on the total vote in Licking county at the coming November election.

## AMUSEMENTS

One of the largest audiences in the history of the Auditorium assembled Monday night at the opening of the week's engagement of the Charles Lamb Murray Comedy Company.

The theater was packed and many were turned away.

The company this year is stronger in almost every way than it was last season. Miss Clara Hazel on Monday night delineated the character of "Sis" Hoskins in a manner that brought her well earned applause, and the same may be said of Mr. Hilliard, as "Pa Hoskins."

The specialties introduced by Miss Hazel, Mr. Lee, Miss Alice Hamilton, and Allen & Bright are new and pleasing and were enjoyable features of the performance.

The play tonight will be "The Engineer." The popular company is to be at the Auditorium all week.

## PARTY

Entertained by Mrs. S. A. Swern Down on the Farm Monday and at home in Evening.

Mrs. S. A. Swern on Monday handsomely entertained her son, Mr. and Mrs. E. V. Swern and daughters, Hazel and Ina, of Denver, Colo., with an all-day party. About 11 o'clock one of Harbaugh's best riss stopped at the Swern home, 214 East Main street, and the mother, brothers, sisters, uncle, aunts and cousins of Vallie Swern, boarded the tallyho and were driven east to the Winters and Swern homestead. Some hearts were sad, as the eyes beheld the changes, "down on the old farm," but when the merry laughter and song from the grandchildren was heard the hearts were lighter, yet the sad memories will linger. Hickory nuts, walnuts, apples, cider and cakes, were distributed all along the way. Those who participated in the day's pleasure were Mrs. S. A. Swern, their sons, Vallie, Edgar and Norris Swern and families, their daughters, Mrs. Frank Lyons and Mrs. J. C. Bay and children, Helen and Elbert of Cumberland, Hazel and Ina Swern of Denver, Mary, Frances and Carlos Swern of this city; Mrs. Nett Swern, Mrs. S. E. Winters and Perry Winters and Frank Lyons. The day was fine. The merry crowd reached Newark about 6 o'clock and a very pleasant evening was spent at Mrs. Swern's. The families of Henry Swern and John Eaton were added to the crowd. Music was rendered by Anna Eaton and John Eaton. Mr. and Mrs. Norris Swern gave several selections. Piano solos were given by Miss Marie Swern, Helen Bay and Mary Swern. As it was the last night for Mr. Swern and family of Denver, to be in Newark for some time, by invitation, to say goodbye and God speed.

## WEDDINGS.

MISS MARY BELLE PETERS and Orton Ayers of Ovid were united in marriage Sunday morning at the country home of the bride's parents, Mr. and Mrs. William Peters, at Black Lick. The wedding ceremony was performed by Rev. F. M. Pitkin, pastor of the United Methodist church of Reynoldsburg. Immediately after the ceremony Mr. and Mrs. Ayers left for an extended wedding trip after which they will reside at Ovid.

Mr. Chas. Vanatta, one of Newark's best known business men, who is engaged in the grocery business in the Union block, corner of Church and Fourth streets, was married Tuesday noon to Miss Rebecca Starkey, an estimable and highly esteemed young woman of this city who for some time has been making her home in the Union block. The ceremony was performed at the home of the bride's father, Mr. Wm. Starkey, near Thornville, in the presence of quite a number of the friends of the contracting parties. Mr. and Mrs. Vanatta will return to Newark this evening and will be given a reception by Mr. and Mrs. John Ellis at their home on Pataskala street. The newly wedded couple have the best wishes of all their friends.

Confessions of a Priest.

Rev. John S. Cox, of Wake, Ark., writes, "For 12 years I suffered from Yellow Jaundice. I consulted a number of physicians and tried all sorts of medicines, but got no relief. Then I began the use of Electric Bitters and feel that I am now cured of a disease that had me in its grasp for twelve years." If you want a reliable medicine for Liver and Kidney trouble, stomach disorder or general debility, get Electric Bitters. It's guaranteed by Hall's Drug Store. Only 50.

San Jose, Cal., is about to have its first Christian Science church. It will cost \$25,000, and will be pure Greek in architecture, after the temple of Olympus. It is expected to be ready for occupation about the new year.

Wales wants a capital, but though the search has been going on for years, no city has yet been found pre-eminently suited for the honor.

CARD OF THANKS.

We desire to extend our heartfelt thanks to our friends for their kindness and sympathy during the sickness and death of our dear little Edward who died October 19. Mr. and Mrs. William Wente.

## ENGINEER

Was Found Dead at the Throttle by His Fireman in Time to Prevent a Collision.

McCook, Neb., Oct. 18.—Engineer James O'Connell, of the Burlington road, was stricken dead of heart disease at his throttle soon after the train his locomotive was drawing had left here on its run to St. Louis.

The train was running at a high rate of speed when the fireman chanced to glance at the engineer and observed that a peculiar pallor overspread his face, and that his body appeared rigid. He went over and touched the engineer and was shocked to find that he was dead. The discovery was made when the train had reached a point a considerable distance from here.

The fireman backed the train into McCook, and when another engineer was supplied it went on to St. Louis. The fireman's discovery of the engineer's death prevented a collision with a train coming in an opposite direction and a consequent loss of life.

## PYTHIAN

JUBILEE HELD NEXT MONTH AT COLUMBUS.

Competitive Feature of the Celebration is Arousing Interest—Newark Knights to Go.

The competitive features of the coming jubilee celebration of the Knights of Pythias of central Ohio to be held in Columbus November 22, is arousing great interest in all the 29 counties whose members and lodges will participate. The prize committee is made up of Supreme Representative M. A. Bridge, F. L. Price, E. E. Doty, C. J. Dickinson and H. L. Giesy.

The committee has decided to offer the following prizes: Solid gold and sterling silver past chancellor's jewels to the district deputy whose district furnishes the largest number of candidates for the jubilee class in proportion to membership, a similar jewel to the county deputy whose county furnishes the largest proportionate number of candidates; solid gold and sterling silver lodge deputy's jewel to the lodge furnishing the largest proportionate number of candidates; a silk American flag, 52x66 inches to the company of uniformed rank having the largest number of swords in the parade, and silk banner to the temple of Knights of Korassan having the largest percentage of members in the parade.

To give the lodge, county or district eligibility in the candidate contest, their candidates must register at the Castle of Champion Lodge, Main and Third streets, which will be headquarters, upon arrival in the city November 23, and these candidates must appear in the parade. In all competitions the Columbus lodges, companies and Doks are barred.

Several thousand Pythians from the various districts are expected in Columbus on that date and several hundred will probably go from Newark and Licking county.

## HEARTBROKEN

Because a Baby Wouldn't Recognize Him Aged Patrick Sutton Took His Life.

Denver, Colo., Oct. 18.—"Give baby's picture to him and kiss him for me, and sometimes think a kind thought of your old friend."

Closing his farewell letter with these words Patrick Sutton took his life and was found dead in bed.

He died because he thought he had lost the confidence and affection of a little child, the one-year-old son of G. I. Straub and wife, proprietors of the Palmer House, at 1626 Laramore street.

Recently Mr. and Mrs. Straub took the child to her parents' home in the country for a holiday, and when the boy came back he seemed to have forgotten Sutton. He refused to sit on his lap and cried for "Mamma." This broke the old man's heart, and he went to his room and took poison.

### Detachment of Excursion to Texas Left Tuesday—Texas Exhibit at the Fair.

The second detachment of the big excursion to Texas and the southwest left Newark via the Pan Handle road at an early hour Tuesday morning. Quite a number of excursionists from Newark left on the trip, accompanied by Mr. J. McManus, of Beaumont, Texas, who came here for the purpose of exhibiting some of the products of Texas at the Licking County Fair. Among those in the party who left on Tuesday morning were Mr. R. C. Bigbee, Charles Vadian and J. C. Taylor. Mr. McManus expects to return to Newark in about ten days. In his exhibit at the Fair he had a fine display of rice. Three young ladies distributed rice heads and pinned them on visitors as souvenirs. Over 200,000 pieces of literature pertaining to the Beaumont country, Texas, were distributed, and a great deal of interest was created among our people, the result of which was the excursion to Texas. Mr. McManus says that scarcely one in a hundred understands how to cook rice with the best results, and one thousand cook books relating to the matter were distributed.

### NURSED

Mother and Sister Fourteen Years and the Judge Rewards Her Unusual Devotion.

Richmond, Ind., Oct. 18.—In the Wayne circuit court, Mrs. Bernardina Imhoff asked for \$1,875 from the estate of her mother, Mrs. Maria Imhoff, who died some months ago.

The testimony showed that the daughter had nursed her mother and sister, both of whom were invalids, for 14 years. In addition, the young woman had personally cultivated a small tract of ground, planting and harvesting the crops. She asked \$2.50 a week for a period of 134 weeks.

Judge Fox ordered the claim paid, saying that such devotion was unusual, and that the amount asked for such service was very small. None of the other heirs objected to the payment of the claim.

### COMMITTEE

Expresses Regret Over the Resignation of Rev. G. W. Van Fossen of Trinity Church.

The following resolution has been prepared by a committee of Trinity Episcopal church members:

"To the Vestry and Members of Trinity Parish—The resignation of our rector, Rev. George W. Van Fossen having been accepted by the vestry at its last meeting, your committee appointed at that time to take suitable action in connection therewith, begs to express its sincere regret, which but voices the sentiment of the parish, that the rector's ill health rendered such a step necessary.

"Your committee tenders to Mr. Van Fossen and family, in behalf of the parish, the very best wishes for their future, with the sincere hope that he may fully regain his health, and continue the same faithful work in the Master's vineyard.

### PITTSBURG

VISITORS TO BE HERE FOR TWO HOURS TODAY.

Committee From Board of Trade to Meet the Pittsburghers at the Station at 3:30.

The Pittsburgh Merchants and Manufacturers' Association, one hundred strong, will reach Newark at 3:00, and for two hours their special train of ten cars will remain at the Pan Handle station while the visitors come up town to call upon the business men and manufacturers. At 5:30 o'clock the special will go to Columbus, where a banquet will be given by the Columbus Board of Trade this evening.

The Newark Board of Trade has a reception committee of about thirty members who will meet the Pittsburghers and escort them up town and over the city. A number will be present with autos and carriages. The headquarters will be at the Elks club rooms and it is expected that many of the citizens will call there to see the visitors.

Coshocton, O., Oct. 18.—The Pittsburgh Merchants and Manufacturers' Association was given a rousing reception here this afternoon. A committee of which Thad L. Montgomery was a member, went to Newcomers-town to meet the special train and when it pulled into Coshocton all the whistles in town let loose and bells were put in motion. The Board of Trade extended a hearty welcome and banners and flags were hung out to show the visitors a royal welcome. It was the noisiest welcome yet accorded the men since their trip commenced. They were much pleased with the cordial reception.

Everybody will play tag Saturday, October 22.

**Insomnia and Indigestion Cured.**  
"Last year I had a very severe attack of indigestion. I could not sleep at night and suffered most excruciating pains for three hours after each meal. I was troubled this way for about three months when I used Chamberlain's Stomach and Liver Tablets, and received immediate relief," says John Dixon, Tullamore, Ontario, Canada. For sale by all druggists.

Try to be fit! Let the King's Daughters tag you, October 22.

## PEOPLE WILL VOTE

On Question of Granting Halsey & Company Franchise on Nov. 8--Water Committee to Report at Next Meeting--City Council's Proceedings.

The City Council met in regular session on Monday evening with President Rossell in the chair and the following members present: Baker, Carlisle, Conrad, Hunter, Jones, Miller and Moser.

The minutes of the preceding meeting were read and approved.

The finance committee to which was referred the question as to whether the city should accept 2 per cent of the gross receipts of free fuel gas for the municipal electric light plant from the Newark Gas Light and Coke company as per said company's offer of July 12, recommended that free fuel gas be accepted.

The committee further reported asking additional time to examine the condition of the municipal light plant, regarding general repairs. The report was received and filed.

The committee on streets reported in favor of improving Woods avenue by paving after the resolution had been amended, the resolution to improve Gay street by a sanitary sewer was subject to the same objection; that H. D. Jones' addition be accepted; that Oakwood avenue be improved by 24 inch tile sewer; that report on assessments for North Fourth street sewer contained too many exemptions.

The special water works committee will report next meeting night.

The Board of Public Service reported, finding that the property owners on Locust street from Fifth to Eighth streets, who had petitions for a 15 inch tile sewer, had more than the required frontage, that they had served a great many notices on property owners to repair sidewalks, which have not been complied with, asking that \$200 be appropriated from the continuing fund for the purpose.

### PUGILIST

WOLCOTT DISABLED AT BOSTON BY AN ACCIDENT.

Neil Lost Decision—Will Play in the Spring—French Wrestler Defeated at Buffalo.

Boston, Oct. 18.—Nelson C. Hall, colored, was killed, and Joe Wolcott, the colored pugilist, was shot through the right hand by the accidental discharge of a revolver in the hands of Wolcott. The accident occurred in the ante-room of Union Park hall, on Washington street, South end, where a dance was in progress. Wolcott was placed under arrest and later removed to a hospital. It is believed Wolcott will never be able to fight again.

The sound of the firing caused a panic in the dance hall. Before Wolcott had a chance to explain the shooting the crowd was in an uproar and it was some time before the police could restore order. They then placed Wolcott under arrest and held several other persons as witnesses. Mrs. Hall fainted when she heard the shot, and this so added to the excitement that the pugilist narrowly escaped rough handling.

Neil Lost Decision.

London, Oct. 18.—Before the National Sporting club here Joe Bowker of England, beat Frankie Neil of San Francisco, on points in a 20-round contest for the bantam championship of the world and \$2,500. The pugilists were in fine condition. The Englishman was a slight favorite at 11 to 10, but Neil was well supported by many influential Americans. The early rounds were rather in the American's favor and in the ninth round he almost had Bowker beaten. From that time forward Bowker greatly improved and administered a lot of punishment which Neil sustained in plucky fashion. It was an interesting fight throughout.

#### Will Play in the Spring.

New York, Oct. 18.—President John T. Brush of the New York National League baseball club, has informed President Pulliam of the National league that he has decided to play the champions of the American league for the baseball championship of the world. It is planned to play the series next spring.

#### French Wrestler Defeated.

Buffalo, Oct. 18.—Charles (Yankee) Rogers defeated Maupus, the French wrestler, in two straight falls. Rogers won the first fall, catch-as-catch-can in 11 minutes and 30 seconds, and the second at Graco-Roman style in 31 minutes and 10 seconds.

#### Another Accident.

Zanesville, O., Oct. 18.—Orville Plummer was probably fatally injured at Sunday's ball game between Youngstown and the locals. He was standing along the base line when a foul tip struck him in the face. His upper and lower jaws were broken. Several teeth were knocked out and he has been suffering hemorrhages ever since. It was not supposed that he was seriously injured at first.

### THE RACES

FINE WEATHER FOR OPENING OF NEWARK MEETING.

Tomorrow the 2:25 Trot, 2:17 Pace and 2:20 Trot Will be Decided at the Old Port.

The first day's racing under the auspices of the Newark Driving Park Association, furnished fine sport. The weather was ideal, the track fast and the fields of horses the best that could be secured for the various events. Three races were carded, the 2:17 pace, 2:25 trot and 2:14 trot.

The 12 pace had among the starters Lyddite, Castlewood and Lady Miller, while the 14 trot brought out such well known campaigners as Blanche K. The Token and Glenwood M.

The officials were: Starter, Lew Jack of Blanche, O.; Judges, B. I. Jones, George Taylor and A. B. Burnside; Timers, Charles Hoover and Giles Smucker.

There was no public auction of pools at any of the down town resorts Monday night, but in several there was plenty of "horse talk" and some bets were made.

The indications are that the present will be the most successful race meet ever given by the Association.

On Wednesday the 2:25 trot, 10 entries, 2:17 pace, 17 entries, and the 2:20 trot, 15 entries, will be decided.

### YOUNG CORBETT AND WHITE MATCHED

New York, Oct. 18.—Young Corbett and Jabez White, the English lightweight champion, were matched this morning to meet in London in January. Charley White, of New York, will referee the fight from inside the ring, which is contrary to the English custom. The match was brought about after the returns of the Neil-Bowker fight were read in a Broadway resort by Charles Mitchell, the former English champion. Young Corbett, Geo. Considine and others. Mitchell suggested a fight between Corbett and White, and said he was authorized to bet \$10,000 on White. Considine agreed to take the American end of the bet. The American will weigh in at the ringside at 133 pounds and forfeits of \$2,500 will be posted today. The number of rounds have not been determined. Considine said he would forfeit \$1,000 if Corbett weighed in over 127 pounds.

### SCHOOLS

HAVE 200 MORE PUPILS THAN A YEAR AGO.

Buildings Crowded—Proposition to Build Eight Room House in Woodside.

The Board of Education met in regular session Monday night with President Keller in the chair and members present: Messrs. Beggs, Effinger, Munch, Christian and Haight.

The minutes of the preceding meeting were read and approved.

Bills amounting to \$192.20 were allowed.

The superintendent reported the present enrollment at 3458, enrollment last year at the same time 3226, a gain of 230.

On recommendation of the superintendent White's Elementary Arithmetic was adopted for use in the schools.

The superintendent was authorized to procure for the teachers, a suitable book on physiology and hygiene, and effect of the use of alcoholic liquors as a beverage.

A resolution was adopted authorizing the submission to the electors of Newark school district at the coming November election, the question of issuing \$25,000 to erect an eight room school building on the Woodside site, the same being very much needed, and the funds on hand or authorized to be raised by the issue of bonds without the submission to a vote of the people not being sufficient.

The superintendent reported that several of the rooms in the North Fourth street school were overcrowded, and it was necessary to occupy the room on Hoover street, now vacant. On motion Mr. Christian, member in charge, was authorized to immediately put said overflow room in condition for use.

The building committee was authorized to ask for bids for concrete walks at the North Vine street school.

Mr. Haight, member in charge of the Fifth street school, was authorized to replace old desks no longer serviceable, in Miss McNeal's room, with new desks, now on hand.

Messrs. Munch and Effinger members in charge of East Main and Mill street buildings, were authorized to have necessary repairs made.

There is no lack of excitement along the line of the Uganda, East Africa, railway. At Nairobi, one of the principal stations, the postmaster found a lion on his front stoop one morning; several natives and more than one white officer along the road have been eaten by lions; on one occasion an engine could hardly make its way through miles of locusts on the track.

### PRIZES

TAKEN BY MR. KELLER'S HOGS AT WORLD'S FAIR.

Herd of 25 Captured Pigs Amounting to \$1000—Seven Hogs from C. E. Keller's Herd.

Charles E. Keller of Newark, and S. B. Shellenberger of Columbus, O., entered 25 head of Poland China hogs at the World's Fair at St. Louis. Seven of these were taken from Mr. Keller's herd. They won 29 prizes with their herd, amounting to over \$1,000.

Mr. Keller's seven head alone won prizes amounting to over \$310. The following is a list of the prizes he won:

First prize—For gilt under six months.

Second prize—For gilt under six months.

Third prize—For gilt under six months.

Fourth prize—Male pig under six months.

The above were all of one litter of pigs.

In the class show Mr. Keller won third prize for gilt under one year; fifth prize for male pig under one year.

He also won on the litter the following:

Second prize—Produce of sire.

Fourth prize—For herd under one year, and the reserve champion badge of gilt under six months.

The judge was an Ohio man, being Mr. Ed Clevier of Bloomingsburg. Mr. Keller is feeling pretty good over his prizes, and he surely has a right to as he did not expect to get a prize when he left for the fair.
